Overview

This module provides in-depth knowledge in income tax principles and concepts on taxability, deductibility and capital allowances relating to sole-proprietorships, partnerships and companies.

An overview of Goods and Services Tax will be covered to create a basic level of awareness in most GST concepts and principles. As more businesses are going cross-border and thus a need to deal with cross-border tax issues, an overview of tax treaties will be covered to provide a basic understanding on tax treaties.

The course will be delivered through a combination of lectures, discussions and practical cases to reinforce participants' understanding of the income tax principles and concepts.

Participants are required to bring along their calculators for the sessions.
